

FALL SEMINAR
OCTOBER 19, 2023

9AM **Retaining Walls:** This course provides comprehensive training on the design, construction, and maintenance of retaining walls. Participants will learn about the different types of retaining walls, the factors that influence their design, and the best practices for construction and maintenance. **Presented By: Jamie Scott – City of Holland**

12PM **LUNCH**

1PM **Evaluating Slopes, Soils, and Drainage:** Understand and identify how soil type, land slope, and drainage can impact a residential structure (foundation settling and shifting, cracks and leakage, bowing walls, etc.). **Presented By: Jamie Scott – City of Holland**
