A Patient Centered Medical Home

A PATIENT CENTERED MEDICAL HOME is called a "Home" because we'd like this to be the first place you think of for all of your medical needs. Our GOAL is to make it easy and comfortable to get the care you need in a way that works best for you.

Having a MEDICAL HOME means that we ask you to:

- Provide us with all of the information you have regarding your health and illnesses.
- Tell us about your needs and concerns.
- Respect us as unique individuals and as partners in your health care.
- Be involved in your medical decision making.
- Allow us to educate you about wellness and disease prevention.
- Educate yourself about the requirements of your insurance company and what services are covered.
- Follow our medical advice and treatments. If you are unable to do so, let us know why so that we can suggest other options.
- Contact us during emergencies so that we can direct you to the right care.
- Provide us with feed back so that we are able to improve our services.

As we build your MEDICAL HOME, our goal is to:

- Support you in your healthcare goals and desires.
- Respect you as an individual.
- Respect your privacy. Your medical information will not be shared with anyone unless you give us permission or it is allowed by law.
- Provide the best treatment and advice, based on current medical evidence. We respect your right to the information that we provide.
- Manage acute illness, chronic disease and give advise to help you stay healthy.
- Give you timely access to care. A medical decision- maker is available through our office 24 hours a day.
- Use computers and other technology to offer new and improved ways to provide exceptional care to you.
- Be a medical team that makes you feel welcome and comfortable.

When the process is complete, the MEDICAL HOME will feature:

- A personal physician who leads your team; treating you as a whole person.
- Use of advanced electronic tools to help us provide more efficient care and communication.
- User-friendly ways to get appointments that are convenient for you; acting as a "HUB" to arrange all of your outside care.
- Actively getting feedback from you on your satisfaction with the MEDICAL HOME.

No-Call No-Show Policy

Patients Printed Name: ________________________________

It is important that we provide the best treatment to all our patients. Our physicians feel that missing an appointment could be detrimental to a child's health and not calling ahead of time to cancel also deprives other children of appointment times.

Therefore, it is the policy of Port City Pediatrics that **all appointments are canceled prior to the start of the appointment time. If the appointment is not canceled and the patient fails to show up for the appointment, this is considered noncompliance and our physicians reserve the right to dismiss the patient and family from Port City Pediatrics.**

Notifications regarding this matter will be mailed as a letter to the patient as they occur. Thank you for your understanding and cooperation as we strive to best serve the needs of all our patients.

By signing below, I acknowledge that I have read, understand, and agree to the provisions and specified terms said above regarding the No-Call No-Show Policy.
